Professor John Terrell argues that the ability to make friends is an evolved human trait not unlike our ability to walk upright on two legs or our capacity for speech and complex abstract reasoning. Terrell charts how this trait has evolved by investigating two unique functions of the human brain: the ability to remake the outside world to suit our collective needs, and our capacity to escape into our own inner thoughts and imagine how things might and ought to be. The text is richly illustrated and written in an engaging style, and will appeal to students, scholars, and general readers interested in anthropology, evolutionary and cognitive science, and psychology more broadly. They come and go, like seasons or sitcoms. Blooming early in our lives, friendships curl up and scatter with the winds of years gone by, but throughout life they are there at the most God-given times, to lift our heads after a particularly trying day. or to laugh like mad at a funny story told well. Friends are the sweet-smelling spices of life that touch our senses when nothing but a hug or thoughtful note will do. In Moments for Friends, enjoy 30 touching stories from a most important relationship. The perfect gift for that someone from long ago, or a new friend. With an enduring grasp of human nature, Dale Carnegie's How to Win Friends and Influence People teaches his readers how to handle people without letting them feel

manipulated, how to make people feel important without inspiring resentment, how win people over to your point of view without causing offence, and how to make a friend out of just about anyone. Published in 1937, Carnegie's *How to Win Friends and Influence People*, was originally written as a companion book to his lectures on how to be a good salesperson. However, what began as a basic sales primer, quickly exploded into an overnight success, eventually selling more than 15 million copies worldwide, and pioneering an entire genre of self-help and personal success books. *Meet Maria - a woman with Multiple Sclerosis (MS)*. Maria tells the story of her holiday with her husband Ben, her children Cara and Dino, and Teddy the dog, which was interrupted when she began to feel dizzy, exhausted

and weak. She explains how this led to her diagnosis and describes what MS is, how it affects her daily life and what others can do to help. This illustrated book will be an ideal introduction to MS for children from the age of 7, as well as older readers. It will help family, friends and carers to better understand and explain MS, and will be an excellent starting point for group discussions. **NEW YORK TIMES BESTSELLER** • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—*Library Journal* Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away.

**Louisiana, 1875:** In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope.

**Louisiana, 1987:** For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-

down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything. Drawing on personal experiences, readers' letters, and interviews, the author discusses ethical issues which occur in everyday interactions with friends and the best way to resolve them and preserve the friendship. #1 New York Times bestselling author Karen Kingsbury's timeless collection of true stories celebrating God's presence in friendship. In this heartwarming book, the miraculous power of friendship is proven through amazing experiences in the lives of ordinary men and women. Karen Kingsbury has gathered together real-life examples of friends who are there for each other because they want to be, not because they have to be. These uplifting stories illustrate that true friendship is made of love and laughter, compassion and understanding. And when life sends a challenge that cannot be met alone, God provides a friend when one is needed most. A gritty collection of 35 stories, written with raw emotion and cool melancholy, told in a compelling narrative voice that will make you smile as it breaks your heart, FUNERALS FOR FRIENDS explores the extraordinary details of ordinary lives. A sobering downhill ride through love and loss, these exciting stories take place in the home, in the office, on the street corner, and within the often disturbing relationships between men and women. But more important, these stories come from a place within the heart that is familiar to all. From the author of *Burning In The Heat and Other Stories*. Victoria Torres is not the best math student, so when her older sister, Sofia, captain of their middle school math team, co-opts her to fill in for a team member who quit Vicka is not sure how to feel--she would certainly like to help the team win the conference trophy, but first she must get Sophia to see that it is her aggressive bossiness that is alienating the other team members. From the #1 internationally bestselling author comes her next heartwarming and comforting Irish-set novel about the complexities of lifelong friendship, perfect for fans of Maeve

Binchy and Cathy Kelly. When are the boundaries of friendship pushed too far, and when is it time to stop flying over oceans for someone who wouldn't jump over a puddle for you? There comes a time when Hilary Hammond has to make that call. Hilary and Colette O'Mahony have been friends since childhood, but when irrepressible Jonathan Harpur breezes into Hilary's life and goes into business with her, Colette is not pleased. After their first encounter, Colette thinks he's a "pushy upstart" while he thinks she's "a snobby little diva." And so the battle lines are drawn—and Hilary is square in the middle. But as the years roll by and each of them is faced with difficult times and tough decisions, one thing is clear: to have a friend you must be a friend. A fascinating behind-the-scenes look at Friends, published for the twenty-fifth anniversary of the show's premiere. Howyoudoin'? In September 1994, six friends sat down in their favorite coffee shop and began bantering about sex, relationships, jobs, and just about everything else. A quarter of a century later, new fans are still finding their way into the lives of Rachel, Ross, Joey, Chandler, Monica, and Phoebe, and thanks to the show's immensely talented creators, its intimate understanding of its youthful audience, and its reign during network television's last moment of

dominance, Friends has become the most influential and beloved show of its era. Friends has never gone on a break, and this is the story of how it all happened. Noted pop culture historian Saul Austerlitz utilizes exclusive interviews with creators David Crane and Marta Kauffman, executive producer Kevin Bright, director James Burrows, and many other producers, writers, and cast members to tell the story of Friends' creation, its remarkable decade-long run, and its astonishing Netflix-fueled afterlife. Readers will go behind the scenes to hear from the people who were present as the show was developed and cast, written and filmed. There will be talk of trivia contests, prom videos, trips to London, Super Bowls, lesbian weddings, wildly popular hairstyles, superstar cameos, mad dashes to the airport, and million-dollar contracts. They'll also discover surprising details—that Monica and Joey were the show's original romantic couple, how Danielle Steel probably saved Jennifer Aniston's career, and why Friends is still so popular that if it was a new show, its over-the-air broadcast reruns would be the ninth-highest-rated program on TV. The show that defined the 1990s has a legacy that has endured beyond wildest expectations. And in this hilarious, informative, and entertaining book, readers will now understand why.
