From Sanskrit to Scouse, this book provides a single-volume source of information about the English language. The guide is intended both for reference and and for browsing. The international perspective takes in language from Cockney to Creole, Aboriginal English to Zummerzet, Estuary English to Caribbean English and a historical range from Beowulf to Ebonics, Chaucer to Chomsky, Latin to the World Wide Web. There is coverage of a wide range of topics from abbreviation to Zeugma, Shakespeare to split infinitive and substantial entries on key subjects such as African English, etymology, imperialism, pidgin, poetry, psycholinguistics and slang. Box features include pieces on place-names, the evolution of the alphabet, the story of OK, borrowings into English, and the Internet. Invaluable reference for English Language students, and fascinating reading for the general reader with an interest in language. In this volume that is as big and as varied as the nation it portrays are over 1,400 entries written by some 900 historians and other scholars, illuminating not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion. The volume serves as a guide to all the mysteries and idiosyncracies of the human mind. Topics such as language, memory, intelligence, the "halo" effect, caffeine, attachment theory and much more are covered Covers the movements, authors, genres, critics, awards, and many other aspects of American literature An authoritative reference for this highly popular genre, this book covers Broadway, Hollywood and television in one volume. With more than two thousand entries, this book offers a wealth of information on musicals, performers, composers, lyricists, producers, choreographers, and much more. A landmark in legal publishing, The Oxford Companion to the Supreme Court is a now classic text many of whose entries are regularly cited by scholars as the definitive statement on any particular subject. In the tradition of that work, editor in chief Kermit L. Hall offers up The Oxford Companion to American Law, a one-volume, A-Z encyclopedia that covers topics ranging from aging and the law, wiretapping and electronic eavesdropping, the Salem Witch Trials and Plessy vs. Ferguson. The Companion takes as its starting point the insight that law is embedded in society, and that to understand American law one must necessarily ask questions about the relationship between it and the social order, now and in the past. The volume assumes that American law, in all its richness and complexity, cannot be understood in isolation, as simply the business of the Supreme Court, or as a list of common law doctrines. Hence, the volume takes seriously issues involving laws role in structuring decisions about governance, the significance of state and local law and legal institutions, and the place of American law in a comparative international perspective. Nearly 500 entries are included, written by over 300 expert contributors. Intended for the working lawyer or judge, the high school student working on a term paper, or the general adult reader interested in the topic, the Companion is the authoritative reference work on the subject of American law. "Entertaining and authoritative, this alphabetically arranged companion is an indispensable reference guide to crime and mystery writing. Unique in its biographical and critical treatment of major detective writers, it is a comprehensive digest to the gen Comprehensive reference book provides definitions of musical terms, biographies, and synopses of opera plots among its entries. This special edition of The Oxford Companion to the Brontës commemorates the bicentenary of Emily Brontës's birth in July 1818 and provides comprehensive and detailed information about the lives, works, and reputations of the Brontës - the three sisters Charlotte, Emily, and Anne, their father, and their brother Branwell. Expanded entries surveying the Brontës' lives and works are supplemented by entries on friends and acquaintances, pets, literary and political heroes; on the places they knew and the places they imagined; on their letters, drawings and paintings; on historical events such as Chartism, the Peterloo Massacre, and the Ashantee Wars; on exploration, slavery, and religion. Selected entries on the characters and places in the Brontë juvenilia provide a glimpse into their early imaginative worlds, and entries on film, ballet, and musicals indicate the extent to which their works have inspired others. A new foreword to the text has been also penned by Claire Harman, award-winning writer and literary critic, and recent biographer of Charlotte Brontë. This is a unique and authoritative reference book for the research student and the general reader. The A-Z format, extensive cross-referencing, classified contents, chronologies, illustrations, and maps, both facilitate quick reference and encourage further exploration. This Companion is not only invaluable for quick searches, but a delight to browse, and an inspiration to further reading. Provides a guide to the literature of ancient Greece and Rome, discussing the lives and works of the principal authors and placing them within the societal and political context of the day. The Bible has had an immeasurable influence on Western culture, touching on virtually every aspect of our lives. It is one of the great wellsprings of Western religious, ethical, and philosophical traditions. It has been an endless source of inspiration to artists, from classic works such as Michaelangelo's Last Judgment, Handel's Messiah, or Milton's Paradise Lost, to modern works such as Thomas Mann's Joseph and His Brothers or Martin Scorsese's controversial Last Temptation of Christ. For countless generations, it has been a comfort in suffering, a place to reflect on the mysteries of birth, death, and immortality. Its stories and characters are an integral part of the repertoire of every educated adult, forming an enduring bond that spans thousands of years and embraces a vast community of believers and nonbelievers. The Oxford Companion to the Bible provides an authoritative one-volume reference to the people, places, events, books, institutions, religious belief, and secular influence of the Bible. Written by more than 250 scholars from some 20 nations and embracing a wide variety of perspectives, the Companion offers over seven hundred entries, ranging from brief identifications--who is Dives? where is Pishgah?--to extensive interpretive essays on topics such as the influence of the Bible on music or law. Ranging far beyond the scope of a traditional Bible dictionary, the Companion features, in addition to its many informative, factual entries, an abundance of interpretive essays. Here are extended entries on religious concepts from immortality, sin, and grace, to baptism, ethics, and the Holy Spirit. The contributors also explore biblical views of modern issues such as homosexuality, marriage, and anti-Semitism, and the impact of the Bible on the secular world (including a four-part article on the Bible's influence on literature). Of course, the Companion can also serve as a handy reference, the first place to turn to find factual information on the Bible. Readers will find fascinating, informative articles on all the books of the Bible--including the Apocrypha and many other ancient texts, such as the Dead Sea Scrolls, Pseudepigrapha, and the Mishrah. Virtually every figure who walked across the biblical stage is identified here, ranging from Rebekah, Rachel, and Mary, to Joseph, Barabbas, and Jesus. The Companion also offers entries that shed light on daily life in ancient Israel and the earliest Christian communities, with fascinating articles on feasts and festivals, clothing, medicine, units of time, houses, and furniture. Finally, there are twenty-eight pages of full-color maps, providing an accurate, detailed portrait of the biblical world. A vast compendium of information related to scriptures, here is an ideal complement to the Bible, an essential volume for every home and library, the first place to turn for information on the central book of Western culture. Everything you could possibly want to know about wine, in one fully up-to-date A-Z volume! The Oxford Companion to Wine is a uniquely comprehensive and in-depth A-Z reference book on every aspect of wine: more than 4,000 entries covering topics from history through geography, geology, soil science, viticulture, winemaking, packaging, labelling, academia, technology, and regulations to people and places, tasting, writing, and the language of wine. The system of cross-references takes the reader from one entry to another, showing how all these topics are interconnected in the fascinating story of wine in its most traditional and modern forms. This new fifth edition, which benefits from the knowledge and experience of over one hundred new contributors, all experts in their field or geographical region, is expanded by 264 new entries, and every existing entry has been reviewed, updated, and polished. The text is more international than ever, written for wine lovers of every persuasion, including those who love wine but want to know more in order to increase their enjoyment of this endlessly fascinating liquid, and those who are intent on studying wine, professionally or privately. This is a huge treasure trove of knowledge, for the first time breaking the barrier of one million words, but the alphabetical format and the links between the entries make it easily navigable, and the language, while not shying away from complex science, is intended to open the door to every curious reader looking for answers on every question they have ever wanted to ask about wine. This is a reference text on Shakespeare's works, times, life, and afterlives. It offers stimulating and authoritative coverage of every aspect of Shakespeare and his writings, including their reinterpretation in the theatre, in criticism, and in film. Here is the essential reference book for anyone with an interest in British history. Drawing on the latest scholarship, over 100 contributors describe and analyse people and events that have shaped and defined life in Britain over 2000 years. This edition is revised and updated to extend the coverage. The Oxford Companion to the Year explores the fascinating history of calendars in general and our own in particular. The calendar used in the West today is just one of a multitude of systems for parcelling up time and naming its divisions. Each of its days has over the centuries acquired its own peculiar significance: the feast day of a saint, the celebration of a historical event, the subject of prose or poetry, the commemoration of a significant historical figure. And for these feasts and seasons there has grown up a rich body of traditions, beliefs, and superstitions, many of them only half-remembered today. Now, for the first time, this body of knowledge is combined with a wide-ranging survey of calendars in an authoritative, absorbing Companion. The first section of The Oxford Companion to the Year is a day-by-day survey of the calendar year, revealing the history, literature, legend, and lore associated with each season, month, and date. The second part is a broader study of time-reckoning: historical and modern calendars, religious and civil, are explained, with handy tables for the conversion of dates between various systems, and special attention is given to the calculation of Easter. There is a helpful index to facilitate speedy reference. This is a unique reference source, an indispensable aid for all historians and antiquarians, and a rich mine of information, inspiration, and delight for browsers. The Supreme Court has continued to write constitutional history over the thirteen years since publication of the highly acclaimed first edition of The Oxford Companion to the Supreme Court. Two new justices have joined the high court, more than 800 cases have been decided, and a good deal of new scholarship has appeared on many of the topics treated in the Companion. Chief Justice William H. Rehnquist presided over the impeachment trial of President Bill Clinton, and the Court as a whole played a decisive and controversial role in the outcome of the 2000 presidential election. Under Rehnquist's leadership, a bare majority of the justices have rewritten significant areas of the law dealing with federalism, sovereign immunity, and the commerce power. This new edition includes new entries on key cases and fully updated treatment of crucial areas of constitutional law, such as abortion, freedom of religion, school desegregation, freedom of speech, voting rights, military tribunals, and the rights of the accused. These developments make the second edition of this accessible and authoritative guide essential for judges, lawyers, academics, journalists, and anyone interested in the impact of the Court's decisions on American society. This wine book provides comprehensive coverage on all aspects of wine making, and puts wine, wine-making and wine drinking into historical perspective. ****THIS IS PRINT ED. A vast compendium of information related to scriptures, here is an ideal complement to the Bible, an essential volume for every home and library, the first place to turn for information on the central book of Western culture. Written by a team of more than 150 contributors working under the direction of Dinah Birch, and ranging in influence from Homer to the Mahabharata, this guide provides the reader with a comprehensive coverage of all aspects of English literature. This newly revised edition, by former British Correspondence Chess Champion David Hooper, has been called one of the most readable and useful chess reference books available. More than 2,500 entries cover subjects from named openings and strategies to computers and theatre. Illustrated with over 500 chess diagrams, this book will appeal to chess players of all levels. "The first major reference work to investigate the history and vast scope of beer, The Oxford Companion to Beer features more than 1,100 A-Z entries written by 166 of the world's most prominent beer experts"--Provided by publisher. "Based on the seventh edition of The Oxford Companion to English Literature (2009)"--Preface. Illustrated with full-color plates and 140 black-and-white pictures, an encyclopedic, exhaustive, and up-to-date guide contains finely detailed articles and short reference notes on the people, places, and events that shaped ancient Western civilization. UP. "Celebrating sugar while acknowledging its complex history, 'The Oxford Companion to Sugar and Sweets' is the definitive guide to one of humankind's greatest sources of pleasure"-- Provides over 1,700 biographies of influential poets writing in English from 1910 to the present day, exploring the influences, inspirations, and movements that have shaped their works and lives. A panoramic history of the culinary traditions, culture, and evolution of American food and drink features nearly one thousand entries, essays, and articles on such topics as fast food, celebrity chefs, regional and ethnic cuisine, social and cultural food history, food science, and more, along with hundreds of photographs and lists of food museums, Web sites, festivals, and organizations. Discusses the major literary figures in the English-speaking world This concise version contains brief biographies of important authors, plot summaries of individual works, descriptions of important literary movements, and a wealth of information on other aspects of American literary life and history from the Colonial period to the modern era. The most compact, authoritative, single-volume source of information about the English language available, this new edition of the Oxford Companion to the English Language increases coverage of World Englishes and the impact of technological advances on the English language Dig into almost 2,000 entries in this bulging resource, where Anne of Green Gables rubs elbows with the Lord of the Rings, Mother Goose with Punch and Judy, Hans Christian Andersen with Christina Rossetti, and Maurice Sendak with Kate Greenaway. It's thorough -- and indispensable for teachers, librarians, and parents. Winner of the 2017 James Beard Award for Reference & Scholarship The discovery of cheese is a narrative at least 8,000 years old, dating back to the Neolithic era. Yet, after all of these thousands of years we are still finding new ways to combine the same four basic ingredients - milk, bacteria, salt, and enzymes - into new and exciting products with vastly different shapes, sizes, and colors, and equally complex and varied tastes, textures, and, yes, aromas. In fact, after a long period of industrialized, processed, and standardized cheese, cheesemakers, cheesemongers, affineurs, and most of all consumers are rediscovering the endless variety of cheeses across cultures. The Oxford Companion to Cheese is the first major reference work dedicated to cheese, containing 855 A-Z entries on cheese history, culture, science, and production. From cottage cheese to Camembert, from Gorgonzola to Gruyère, there are entries on all of the major cheese varieties globally, but also many cheeses that are not well known outside of their region of production. The concentrated whey cheeses popular in Norway, brunost, are covered here, as are the traditional Turkish and Iranian cheeses that are ripened in casings prepared from sheep's or goat's skin. There are entries on animal species whose milk is commonly (cow, goat, sheep) and not so commonly (think yak, camel, and reindeer) used in cheesemaking, as well as entries on a few highly important breeds within each species, such as the Nubian goat or the Holstein cow. Regional entries on places with a strong history of cheese production, biographies of influential cheesemakers, innovative and influential cheese shops, and historical entries on topics like manorial cheesemaking and cheese in children's literature round out the Companion's eclectic cultural coverage. The Companion also reflects a fascination with the microbiology and chemistry of cheese, featuring entries on bacteria, molds, yeasts, cultures, and coagulants used in cheesemaking and cheese maturing. The blooms, veins, sticky surfaces, gooey interiors, crystals, wrinkles, strings, and yes, for some, the odors of cheese are all due to microbial action and growth. And today we have unprecedented insight into the microbial complexity of cheese, thanks to advances in molecular biology, whole-genome sequencing technologies, and microbiome research. The Companion is equally interested in the

applied elements of cheesemaking, with entries on production methodologies and the technology and equipment used in cheesemaking. An astonishing 325 authors contributed entries to the Companion, residing in 35 countries. These experts included cheesemakers, cheesemongers, dairy scientists, anthropologists, food historians, journalists, archaeologists, and on, from backgrounds as diverse as the topics they write about. Every entry is signed by the author, and includes both cross references to related topics and further reading suggestions. The endmatter includes a list of cheese-related museums and a thorough index. Two 16-page color inserts and well over a hundred black and white images help bring the entries to life. This landmark encyclopedia is the most wide-ranging, comprehensive, and reliable reference work on cheese available, suitable for both novices and industry insiders alike. The Bible has had an immeasurable influence on Western culture, touching on virtually every aspect of our lives. It is one of the great wellsprings of Western religious, ethical, and philosophical traditions. It has been an endless source of inspiration to artists, from classic works such as Michaelangelo's Last Judgment, Handel's Messiah, or Milton's Paradise Lost, to modern works such as Thomas Mann's Joseph and His Brothers or Martin Scorsese's controversial Last Temptation of Christ. Finally, there are twenty-eight pages of full-color maps, providing an accurate, detailed portrait of the biblical world. A vast compendium of information related to scriptures, here is an ideal complement to the Bible, an essential volume for every home and library, the first place to turn for information on the central book of Western culture. A listener's guide to jazz brings together sixty essays on the history, performers, characteristics, and influence of jazz music. Here is a volume that is as big and as varied as the nation it portrays. With over 1,400 entries written by some 900 historians and other scholars, it illuminates not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion. Here are the familiar political heroes, from George Washington and Benjamin Franklin, to Abraham Lincoln, Woodrow Wilson, and Franklin D. Roosevelt. But here, too, are scientists, writers, radicals, sports figures, and religious leaders, with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney, Babe Ruth and Muhammed Ali, Black Elk and Crazy Horse, Margaret Fuller, Emma Goldman, and Marian Anderson, even Al Capone and Jesse James. The Companion illuminates events that have shaped the nation (the Great Awakening, Bunker Hill, Wounded Knee, the Vietnam War); major Supreme Court decisions (Marbury v. Madison, Roe v. Wade); landmark legislation (the Fugitive Slave Law, the Pure Food and Drug Act); social movements (Suffrage, Civil Rights); influential books (The Jungle, Uncle Tom's Cabin); ideologies (conservatism, liberalism, Social Darwinism); even natural disasters and iconic sites (the Chicago Fire, the Johnstown Flood, Niagara Falls, the Lincoln Memorial). Here too is the nation's social and cultural history, from Films, Football, and the 4-H Club, to Immigration, Courtship and Dating, Marriage and Divorce, and Death and Dying. Extensive multi-part entries cover such key topics as the Civil War, Indian History and Culture, Slavery, and the Federal Government. A new volume for a new century, The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet--from Columbus to Clinton. Written in clear, graceful prose for researchers, browsers, and general readers alike, this is the volume that addresses the totality of the American experience, its triumphs and heroes as well as its tragedies and darker moments. the best food reference work ever to appear in the English language ... read it and be dazzled' Bee Wilson, New Statesman First published in 1999, the ground-breaking Oxford Companion to Food was an immediate success and won prizes and accolades around the world. Its blend of serious food history, culinary expertise, and entertaining serendipity, was and remains unique. Interest in food, cooking, and the culture surrounding food has grown enormously in the intervening period, as has the study of food and food history. University departments, international societies, and academic journals have sprung up dedicated to exploring the meaning of food in the daily lives of people around the world, alongside an ever-increasing number of articles, books, programmes, and websites in the general media devoted to the discussion of food, making the Oxford Companion to Food more relevant than ever. Already a food writing classic, this Companion combines an exhaustive catalogue of foods, be they biscuits named after battles, divas or revolutionaries; body parts (from nose to tail, toe to cerebellum); or breads from the steppes of Asia or the well-built ovens of the Mediterranean; with a richly allusive commentary on the culture of food, expressed in literature and cookery books, or as dishes peculiar to a country or community. While building on the Companion's existing strengths, Tom Jaine has taken the opportunity to update the text and alert readers to new perspectives in food studies. There is new coverage of attitudes to food consumption, production and perception, such as food and genetics, food and sociology, and obesity. New entries include terms such as convenience foods, drugs and food, Ethiopia, leftovers, medicine and food, pasta, and many more. There are also new entries on important personalities who are of special significance within the world of food, among them Clarence Birdseye, Henri Nestlé, and Louis Pasteur. In its new edition the Companion maintains its place as the foremost food reference resource for study and home use. The Oxford Companion to Art is a handbook for readers who want an accessible introduction and work of reference to the fine arts. It contains around 3,000 entries varying from brief descriptions to longer articles that give both a survey of their subject and a guide of national and regional schools of art, styles, techniques, and iconography, and there are short biographies of painters, sculptors, and references helps the reader to supplement the information given in any one article and there is a large selective bibliography. "The Oxford Companion to Family and Local History is the most comprehensive and authoritative reference book of its kind. Newly structured for ease of use, it includes overviews on names, black and Asian family history, and links between British and American families, as well as a useful guide for beginners wishing to trace their family tree." "This book offers valuable research tips, a full background to the social history of communities and individuals, and hundreds of entry-level web links to helpful and relevant online resources. Other research tools include an up-to-date appendix that lists all national and local record offices with full contact details." "Featuring practical and contextual information, The Oxford Companion to Family and Local History is essential reading for genealogists wanting advice on how to approach research and for anyone interested in the social history of the British Isles."--BOOK JACKET.
