Theology of God Aug 30 2022

The doctrine of God remains as important as ever. The Apostle Paul rebuked the Corinthians in the first century for accepting "another Jesus" and "a different gospel" (2 Cor 11:4). Denial of the deity of Christ and the Holy Trinity were no doubt among the falsehoods condemned by Paul as "doctrines of demons" (1 Tim 4:1). Christians need to know the biblical basis for these beliefs, in view of the many historic heresies and recent fashionable nonsense such as open theism and process theology. My emphasis is on a listing of many scores of relevant Bible passages (systematic theology). Additionally, I attempt to

explain "theology proper" in laymen's terms, so that, with the aid of this book, soaked with Scripture, anyone will be able to defend the biblical (and Nicene, Chalcedonian) truths of the Holy Trinity, Jesus as the incarnate God, and the divinity of the Holy Spirit. The coherence and truthfulness of orthodox, biblical theology of God is evident, the more these passages are understood.

All That Is in God Mar 13 2021

Unknown to many, increasing numbers of conservative evangelicals are denying basic tenets of classical Christian teaching about God, with departures occurring even among those of the Calvinistic persuasion. James E. Dolezal's *All That Is in God* provides an

exposition of the historic Christian position while engaging with these contemporary deviations. His convincing critique of the newer position he styles “theistic mutualism” is philosophically robust, systematically nuanced, and biblically based. It demonstrates the need to maintain the traditional viewpoint, particularly on divine simplicity, and spotlights the unfortunate implications for other important Christian doctrines—such as divine eternity and the Trinity—if it were to be abandoned. Arguing carefully and cogently that “all that is in God is God Himself,” the work is sure to stimulate debate on the issue in years to come.

The Moody Handbook of Theology Aug 18 2021 The study of God, His nature, and His Word are all essential to the Christian faith. Now those interested in Christian theology have a newly revised and updated reference tool in the 25th Anniversary Edition of The Moody Handbook of

Theology. In this classic and timeless one-volume resource, Paul Enns offers a comprehensive overview of the five dimensions of theology: biblical, systematic, historical, dogmatic, and contemporary. Each section includes an introduction, chapters on key points, specific studies pertinent to that theology, books for further study, and summary evaluations of each dimension. Charts, graphs, glossary, and indexes add depth and breadth. Theology, once the domain of academicians and learned pastors, is now accessible to anyone interested in understanding the essentials of what Christians believe. The Moody Handbook of Theology is a concise doctrinal reference tool for newcomers and seasoned veterans alike.

Divine Simplicity Jan 11 2021 Steven J. Duby examines the doctrine of divine simplicity. This discussion is centered around the three distinguishing features: grounding in biblical exegesis, use of Thomas Aquinas and the Reformed

Orthodox; and the writings of modern systematic and philosophical theologians. Duby outlines the general history of the Christian doctrine of divine simplicity and discusses the methodological traits and essential contents of the dogmatic account. He substantiates the claims of the doctrine of divine simplicity by demonstrating that they are implied and required by the scriptural account of God. Duby considers how simplicity is inferred from God's singularity and aseity, as well as how it is inferred from God's immutability and infinity, and the Christian doctrine of creation. The discussion ends with the response to major objections to simplicity, namely that the doctrine does not pay heed to the plurality of the divine attributes, that it eradicates God's freedom in creating the world and acting toward us; and that it does not cohere with the personal distinctions to be made in the doctrine of the Trinity.

The Bible Teacher's Guide Nov

01 2022 What is the highest good in life that anyone can pursue? In Latin, there is a term *summum bonum*, which means "the highest good out of which all good flows." Many pursue wisdom, social justice, wealth, power, or physical strength as the highest good in life. However, none of these compare to the benefits of knowing God. Listen to what the Lord said through the prophet Jeremiah: Let not the wise man boast of his wisdom or the strong man boast of his strength or the rich man boast of his riches, but let him who boasts boast about this: that he understands and knows me. Jeremiah 9:23-24 The highest pursuit in life is a deep and intimate knowledge of God, and it is from this intimate knowledge that every good thing flows. Love, joy, peace, perseverance, patience, forgiveness, and anything else that is good flows from knowing God. Let us pursue a deeper knowledge of God together with the aid of the Bible Teacher's Guide. Expository, theological, and

The Bible Teacher's Guide Feb 04 2023 The letter of 1 Peter was written to persecuted Christians scattered throughout the Roman Empire. It was meant to both encourage and instruct them on how to live as pilgrims in a hostile society. This message is still relevant today. Christ declared that in the end times believers would be hated by all nations because of him (Matthew 24:9). With the continuing culture shift, animosity and persecution towards Christians is increasing at an alarming

rate. Over four hundred Christians are martyred every day, and more saints have died for the faith in the last century than all the previous combined. The words of 1 Peter are a message of hope, desperately needed to encourage and prepare the Church for what lies ahead. Let's journey through Peter's letter together with the aid of The Bible Teacher's Guide. Expository, theological, and candidly practical! I highly recommend the Bible Teacher's Guide for anyone seeking to better understand or teach God's Word. Dr. Young-Gil Kim, Founding President of Handong Global University

Pastor, Author, and President of the Master's Seminary Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more. Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

Mathers Systematic Theology Jul 05 2020 This systematic theology is based on the infallible inerrant Word of God. Mathers Systematic Theology is detailed, accurate,

comprehensive, and thoroughly developed. Mathers Systematic Theology encompasses the theological subjects of the (Bibliology) Bible, (Theology Proper) God, (Soteriology) Salvation, the Spiritual Life, (Eschatology) Prophecy including (Angelology) Angels, (Christology) Christ, (Hamartiology) Sin, (Anthropology) Man, (Ecclesiology) Church, and (Pneumatology) Holy Spirit. Norman W. Mathers Ph.D. One strength of this volume is that Norm Mathers is proficient in both the original Greek and Hebrew languages, assisting in the necessary exegesis for a text of this sort. Another asset is his interest in relating the many positions throughout to both similar as well as dissimilar views. Biblical positions are defended, while alternative positions are critiqued, often in much detail. Extensive Bibliographic interaction is also provided. This allows the student to evaluate and make decisions regarding the correct biblical stance to take on a plethora of

issues, guided by Mather's insightful criteria and interaction. Some questions about more philosophical matters do not change this basic conclusion. Gary R. Habermas, Distinguished Research Prof. & Chair, Dept. of Philosophy, Liberty University & Theological Seminary "Whereas many theologians bring their philosophy and logical thinking to what they write in their systematic theology, Dr. Mathers has based his work on an inductive approach to the original languages. This means he reflects the conclusions of Scripture in his writings, and he examines all issues by Scripture. As a result, he has given the world a ready reference work to help students become grounded in the Word of God, and in the process, their faith is grounded in God Himself." Elmer L. Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary

Hermeneutics Oct 20 2021

Cornelius Van Til's Doctrine of

God and Its Relevance for

Contemporary Hermeneutics

seeks to answer the question,

"What does Van Til have to do

with hermeneutics?" It is

argued that some of the most

relevant concerns in the field

of contemporary hermeneutics

are similar to those addressed

by Van Til in the area of apologetics. Van Til's approach involved a self-conscious consistency between method and theology proper in order to reason according to the Christian worldview found in Scripture. Just as one's apologetic method should be consistent with the theology revealed in the Bible, so also should one's hermeneutic. This work not only argues that Van Til has an important place in the hermeneutical discussion, but also demonstrates his place in terms of the main contours in his doctrine of God. In doing so, certain influences on evangelical hermeneutics are considered according to consistency with theology proper. Lastly, a Van Tillian hermeneutic is applied to the often-debated issue concerning the New Testament use of the Old Testament.

A Little Book for New Theologians Jul 17 2021 In this quick and vibrant little book, Kelly Kacic presents the nature, method and manners of theological study for newcomers to the field. He

emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are.

"Theology is about life," writes Kacic. "It is not a conversation our souls can afford to avoid." *Christian Theology and African Traditions* Nov 08 2020

Christian theology is increasingly recognized to be now a non-western enterprise since the high concentrations of Christians in the world are no longer found in the Western societies. *Christian Theology and African Traditions* takes seriously this present recognition of the southward movement of Christianity from the western world to a non-western setting. It seeks to reposition Christian theology and faith to engage the African traditions in classical category of theology proper, bibliology, anthropology, Christology, pneumatology, soteriology, ecclesiology, and eschatology and provides unique insights and problems that these classical and systematic categories poses to African Christianity. Similarly, it

provides theological blueprint for non-Africans who are interested in knowing the nature and shape of the Christian theology in non-western settings.

Consequently, *Christian Theology and African Traditions* goes beyond the mere criticism of Western misrepresentation of African traditions to seeing how the Christian theology in its systematic character engages the African traditions. With this methodological template, the work describes in the space of twelve chapters the different classical teachings of the Christian faith on God, scriptures, spirits and demons, the nature of the human person, the persons of Christ, salvation, the Holy Spirit, the church, and the future life in dialogue with some specific traditions of the African people.

Trinitarian Theology Jan 29

2020 The heart of Christianity is trinitarian. The subject matter of Trinitarian Theology

casts a long shadow over our faith. The relationship between the Father, the Son, and the Spirit is central to the salvation story. The Trinity is central to Christianity, for the vibrancy of our churches, and for the clarity of our witness in the world. In *Trinitarian Theology*, Bruce Ware, Malcon B. Yarnell III, Matthew Y. Emerson, and Luke Stamps discuss issues such as the eternal functional subordination of the Son, the nature of the God-human relationship, and theological methods for forming the doctrine of the Trinity. This is a discussion of great importance, offered by scholars who represent varying views held by today's Southern Baptist scholars.

Fix Your Eyes May 03 2020

We live in a polarized time. Christians are quick to conceive of themselves either as theologically-minded or worship-minded; either thinking Christians or feeling Christians. The results are damaging: theology without worship is muted, stifled, and cold, and worship without theology is ungrounded, unrooted, and uninformed. This is not the way it was meant to be. Theology (our study and knowledge of God) should always lead to doxology (our worship of Him). Worship should always be rooted in

theology. When we study the nature and character of God as revealed in his Word, we are invited to respond in the affectionate, obedient discipleship of worship. How can we keep our theology from being mere head knowledge? How do we give our worship roots that will last? By fixing our eyes on God Himself—the object of our study and the object of our worship. *Fix Your Eyes* is an invitation to understand core doctrines of the Christian faith and apply them in our daily worship of God. It walks believers through key theological concepts and shows how each can be lived out in daily life.

Everyone's a Theologian Jun 15 2021 Many people react negatively to the word theology, believing that it involves dry, fruitless arguments about minute points of doctrine. They prefer to focus on the basic truths of Scripture and may even declare, "No creed but Christ." Yet as Dr. R.C. Sproul argues, everyone is a theologian. Any time we think about a teaching

of the Bible and strive to understand it, we are engaging in theology. Therefore, it is important that we put the Bible's varied teachings together in a systematic fashion using proper, time-tested methods of interpretation so as to arrive at a theology that is founded on truth.

Preaching is Believing Dec 30 2019 In "Preaching Is Believing," Allen calls for preachers to help congregations cultivate a systematic approach to Christian faith and life by bringing systematic theology directly into the pulpit.

The Trinity Dec 10 2020 Practical Theology for the Church Today The Trinity is one of the most essential doctrines of the Christian faith, as it reveals a magnificent truth about God—that he is one God eternally existing as three distinct persons. While Christians often struggle to find the right words to describe the union of Father, Son, and Spirit, the Bible gives clarity concerning the triune God's

activity in nature (creation), grace (redemption), and glory (reward). In the second installment of the Short Studies in Systematic Theology series, theologian Scott Swain examines the Trinity, presenting its biblical foundations, systematic-theological structure, and practical relevance for the church today. *God Is: a Children's Primer to Theology Proper Attributes of God* Aug 06 2020 *God Is: A Children's Primer to Theology Proper - Attributes of God*, explores 15 big ideas about God's Character for little minds. The 15 attributes we explore in this bright and colorful book have been condensed to simple phrases and verses that can easily be memorized by young and old alike. It is an excellent resource for families looking for theologically rich content to grow and shape the youngest members of their homes to worship and adore God as the Christian Bible reveals Him to be. Theology, Volume 1 May 15

2021 The church needs good theology that engages the head, heart, and hands. This four-volume work combines rigorous historical and theological scholarship with application and practicality—characterized by an accessible, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley explore the first two of eight central themes of theology: revelation and God.

Theoretical-Practical Theology, Volume 2: Faith in the Triune God Sep 18 2021 Petrus van Mastricht's *Theoretical and Practical Theology* presents one of the most comprehensive methods of treating Christian doctrine. In it, Mastricht treats every theological topic according to a four-part approach: exegetical, dogmatic, elenctic, and practical. As a body of divinity, it combines a rigorous, scholastic treatment of

doctrine with the pastoral aim of preparing people to live for God through Christ. Students and pastors will find it a valuable model for moving from the text of Scripture to doctrinal formulation that will edify the people of God.

Volume 2, *Faith in the Triune God*, delivers a thorough treatment of the doctrine of God. Mastricht begins his consideration of theology proper with a substantial chapter on saving faith, reminding readers that contemplating God apart from true faith will fall short of the salvation of their soul.

Mastricht then discusses the subject of God in three main divisions. First, he treats the existence of God and our knowledge of him. Second, he discusses the divine essence as it is revealed through the names and attributes of God. Third, Mastricht carefully details the Trinitarian nature of the one God who subsists in three persons.

Third Article Theology Apr 13 2021 Third Article Theology (TAT) is the name given to a new movement in constructive theology utilizing a distinctly pneumatological approach to dogmatics. Trinitarian in its foundation, pneumatological in its impetus, and comprehensive in its scope, TAT specifies both a method and a theology. Thinking through the theological loci of the tradition in relation to the Holy Spirit opens up new vistas and a deeper vision of the task of theology, revealing ways of thinking hitherto eclipsed by the tradition. Drawing upon the trinitarianism of the Great Tradition, theologians from across the theological

spectrum bring their voices to bear upon central and defining theological issues of today in order to present a new form of systematic theology—a pneumatological dogmatics—capable of representing the faith in a contemporary mode. For students, scholars, and clergy, the volume unfolds the classic articles of systematic theology in this new register. Each doctrinal article is written by a leading theologian in the field, with essays from Amos Yong, Eugene Rogers, Veli-Matti Karkkainen, Joel Green, Marc Cortez, Frank Macchia, Myk Habets, and others.

Eternal Submission Apr 25 2022 Christians currently agree that Jesus was submissive to God the Father during his incarnation and time on earth leading to the cross.

The issue at hand is whether or not Jesus the Son is eternally submissive or subordinate to the Father in terms of their relations. On one side of the debate are those who say that the Son is only subordinate in authority during his earthly ministry but is coequal both ontologically and relationally with the Father eternally. On the other side are those who claim that the Son's obedience and submission during his earthly ministry demonstrate an eternal, voluntary submission to the Father so that the Son is always subordinate relationally while remaining fully equal with the Father ontologically. This book examines the eternal submission of the Son from both biblical and theological perspectives. The author surveys some of the recent trinitarian debate and engages with critics of eternal submission before setting out to provide biblical and theological support for the doctrine. The implications of this debate for theology proper and gender relationships in the

church and home are also addressed. Whether you are new to the topic or a seasoned reader of the theological debate, this book will be a helpful resource.

Many contemporary theologians claim that the classical picture of God painted by Augustine and Aquinas is both outmoded and unbiblical. But rather than abandoning the traditional view completely, John Feinberg seeks a reconstructed model—one that reflects the ongoing advances in human understanding of God's revelation while recognizing the unchanging nature of God and His Word. Feinberg begins by exploring the contemporary concepts of God, particularly the openness and process views, and then studies God's being, nature, and acts—all to articulate a mediating understanding of God not just as the King, but the King who cares! Part of the Foundations of Evangelical Theology series.

How do we know God? Can we know God as he is in himself? Theologians have argued for the role of natural and

Each attribute is written in such a way that it can even be shortened in half. In this way, nearly any speaking-age child will be able to remember and recite each attribute. A short verse is also used to support each attribute, to help train children to know that the scriptures are the absolute authority in our understanding

of God. It is an excellent resource for families looking for theologically rich content to grow and shape the youngest members of their homes to worship and adore God as the Christian Bible reveals Him to be. Additionally, each attribute has been numbered and colored to be used as a counting and color primer as well.

God Is Impassible and Impassioned Feb 21 2022

Modern theologians are focused on the doctrine of divine impassibility, exploring the significance of God's emotional experience and most especially the question of divine suffering. Professor Rob Lister speaks into the issue, outlining the history of the doctrine in the views of influential figures such as Augustine, Aquinas, and Luther, while carefully examining modernity's growing rejection of impassibility and the subsequent evangelical response. With an eye toward holistic synthesis, this book proposes a theological model based upon fresh insights into

the historical, biblical, and theological dimensions of this important doctrine.
