English Paper Piecing Templates to Cut & Quilt Dec 21 2019 Cut out and quilt away! These 1" hexagons aren't going to make themselves. I'm incredibly excited to introduce this book of templates for my fellow crafters. No more template drawing with a ruler, no more varying sizes, no more blurry printables with wavy lines, my friends! Here's a book of over 1000 hexagons with 1" side. Designed to work with your roller cutter as well as regular scissors - whatever works for you! Every hexagon has two sides - one blank side for your notes (fabric notes for example?) and one printed side with quilting quotes to keep you smiling all day long. Blanket planning charts The book includes 12 charts for you to plan the perfect blanket, including the number of hexagons you'll need as well as

the number of columns/rows for each individual quilt size. I included 6 most common duvet cover sizes with 2 copies of each chart. Color them in and plan where every scrap will go! Regular white paper This book is printed on regular white paper, so you can either glue the fabric to the template or sew right through the paper. Whatever works best for you! Perfect gift for a quilting addict If you know someone who loves English paper piecing or has a new found love for this technique, the book will make the perfect gift for any occasion. The best gifts are really the ones we can craft with, trust me on this one. Suitable for various sizes From small appliques to large blankets - you decide how many hexagons you'll use! You can always cut out a few pages of templates and leave the rest in the book for your future quilting projects. No more loose hexagon cards all over the craft room!

English Paper Piecing Workshop Mar 28 2023
Do you love bright, geometric quilt designs but wonder how to get such sharp points and accurate piecing? English paper piecing is the answer and this collection shows you how to sew your own patchwork projects even if you've never made a quilt before. English paper piecing (EPP) is a traditional patchwork technique which uses hexagon-shaped paper templates which are pieced together by hand sewing rather than machine piecing. This process of hand piecing is both mindful and calming and the fact that it doesn't rely on a sewing machine makes EPP the perfect 'sofa sewing' project that can be done while relaxing in front of your favourite TV show or while socialising with

friends. Jenny Jackson is an expert in EPP and has been demonstrating the technique and showcasing her patterns on TV craft channels and magazines for a number of years. She has created this collection of techniques and patterns for modern EPP projects for the home including some really striking, large quilts. Jenny holds your hand through the EPP process so, even if you've never tried it before, you can complete projects to be proud of. Even if you already have some experience with EPP, Jenny shares her tips and tricks for quicker and sharper results so you can improve your skills. There are 18 projects for the home in a variety of sizes so you can build up to a full-sized quilt but you can also dip in and out of some smaller projects such as coasters, wall hangings and cushions while you hone your skills. The projects include repeats of EPP patterns and blocks as well as how to use EPP blocks and rosettes as appliqué within quilts and other projects. It's not just about the hexagon either: Jenny's geometric designs feature 20 different paper pieced templates including diamonds, octagons and even curved shapes for really exciting results. These sheets can be photocopied to give you multiple templates, fast. You can

even flex your own creative muscle with the colouring pages included for every project so you can experiment with your own colour combinations to make your own unique designs.
