II *The Publishers' Trade List Annual*

For thousands of years, the faithful have honed proselytizing strategies and talked people into believing the truth of one holy book or another. Indeed, the faithful often view converting others as an obligation of their faith—and are trained from an early age to spread their unique brand of religion. The result is a world broken in large part by unquestioned faith. As an urgently needed counter to this tried-and-true tradition of religious evangelism, *A Manual for Creating Atheists* offers the first-ever guide not for talking people into faith—but for talking them out of it. Peter Boghossian draws on the tools he has developed and used for more than 20 years as a philosopher and educator to teach how to engage the faithful in conversations that will help them value reason and rationality, cast doubt on their religious beliefs, mistrust their faith, abandon superstition and irrationality, and ultimately embrace reason. An entertaining yet factual insider's guide: how to become a gladiator, hone your fighting skills, and thrill the crowds in the Colosseum. So you think you'd like to be a gladiator? Find out how to get thousands to idolize you as the strongest, meanest fighter in the Roman empire. Win fame and fortune in one of Rome's most glamorous locations, in the

presence of the emperor himself. Who wouldn't kill for a job like that? This handy guide tells you everything you need to know before you step out to fight for your life in front of a roaring crowd: Why you should become a gladiator How to join the most glamorous—yet lethal—profession on earth Who will try to kill you, and with what Which arena of the empire is the right one for you When and how often you will fight What happens before, during, and after a duel Combining the latest research with modern reconstructions, Gladiator helps you experience firsthand the spectacular yet brutal life and death of the most iconic figure of ancient Rome.
