Cain versus Abel: Not an Open and Shut Case May 04 2021 While this story reads like a short police report, Cain and Abel's tragic narrative plays a definitive role in the biblical saga called the great controversy. As we review their story, we might assume that if we had a chance to meet Cain and Abel, just by looking, we could easily determine who was the kind Abel and who was the mean-spirited Cain. Are you sure? Would you be surprised to learn Abel was guilty of viewing Cain from a superficial

perspective that gave him a misleading impression of his brother? As we study their lives, it's easy for us to have preconceived ideas because we don't know what was going through Cain's mind until Cain's behavior plainly displays it for all of us to see. It's human to be biased. But that's not God's way of judging! This book dives deeper into the story to reveal God's perspective. I invite you to dive in with me as objectively as possible. Don't prejudge. Be persuaded by biblical evidence-whenever it leads you!

Women's Faith Development Jan 24 2023 Presenting a rich account of women's faith lives and, mapping women's meanings in their own right, this book offers an alternative to dominant accounts of faith development which failed to account for women's experience. Drawing on Fowler's faith development theory, feminist models of women's faith and social science methodology, the text explores the patterns and processes of women's faith development and spirituality in a group of thirty women belonging to, or on the edges of, Christian tradition. Integrating practical theological concern with Christian education and pastoral practice, this book will be of interest to all concerned with women's faith development, spirituality, education and formation, and those working in the fields of practical theology, pastoral care, adult theological education, spiritual direction and counselling.

Power and Faith Aug 19 2022 Examining the developments in the political and religious landscape of Western Europe between the tenth and thirteenth centuries, Power and Faith explores the origins of dominant nation States and religious institutions in the West emerged out of the fractured and fragmented post-Carolingian world. As a foundational text for those new to the period, the book offers a clear chronological framework for understanding and analysing the emerging polities of Western Europe and an examination of the influence of the Papacy and the Crusades across Christian life and culture. Mixed with careful consideration of major social and economic themes including urbanisation, rural revolution, and the role of women in politics, religion, and society, the book gives a uniquely comprehensive

overview of political and religious developments in Western Europe during a neglected yet fundamentally significant period. The book is divided into six parts, part one sets out the scope and aims of the book and discusses the sources used. Parts two and six provide overviews of the political and religious states of affairs in Europe at the start and end of the period respectively. Framed by these sections, the book is divided into three chronologically-ordered parts each containing three chapters, the first offers a brief account of the main historiography of the period concerned, the second provides a thorough account and analysis of the main political developments across Europe during it and the third explores the main religious changes. Power and Faith is an essential introductory guide for students and researchers interested in politics, religion, and society in Western Europe during the middle ages.

Branded by the Sheriff Feb 25 2023 Years ago, Sheriff Beck Tanner had believed the worst about Faith Matthews. Now she was back in their small Texas town, forcing him to question everything he thought he knew about her. And when the killer who'd murdered her family set his sights on Faith—and her innocent baby girl—Beck's protective instincts kicked into high gear. As dangerous pranks turned into deadly games, Beck needed Faith to trust him with the secrets of her past. And with a sadistic killer circling closer, all of Beck's attention had to be on keeping her baby safe...and ignoring his inconvenient attraction to the beautiful mother....

Speaking of Faith Jul 18 2022 A thought-provoking, original appraisal of the meaning of religion by the host of public radio's On Being Krista Tippett, widely becoming known as the Bill Moyers of radio, is one of the country's most intelligent and insightful commentators on religion, ethics, and the human spirit. With this book, she draws on her own life story and her intimate conversations with both ordinary and famous figures, including

Elie Wiesel, Karen Armstrong, and Thich Nhat Hanh, to explore complex subjects like science, love, virtue, and violence within the context of spirituality and everyday life. Her way of speaking about the mysteries of life--and of listening with care to those who endeavor to understand those mysteries--is nothing short of revolutionary.

Being a Christian Without Being an Idiot! Jun 05 2021 Jesus said, "The truth shall set you free," which, by implication, must mean, "The false will imprison you." From personal experiences in his ministry through comedy, Brad Stine has chosen eleven concepts to consider as a Christian, like: • All "true" Christians will be offended by the same things and • Sinners are worse people than I am. Are they really true, or do we just believe them to be credible—even though there's no biblical support for them? More importantly, how does the belief in their veracity affect non-believers if we're wrong? Brad has carefully considered these ideas, as well as lived many of them. Some of you reading this may disagree with some of his conclusions, but if this book causes you to reevaluate what your faith means to you and in what shape it can come to you, then it has done its job. Christians are different from each other in our theology, denominations, and social

interactions, and you know what? That's AS IT SHOULD BE! Christians who have taken the "If you don't all behave exactly like me, then you're not really a Christian" road have done the greatest disservice to furthering the Gospel! "Brad Stine is a treasure! He delivers hard-hitting truth while being insanely funny, as though George Carlin had been filled with the Holy Ghost! We need much more of his voice in our culture." — Eric Metaxas, #1 New York Times Bestselling author of Bonhoeffer and host of the nationally-syndicated Eric Metaxas Show

Authentic Christianity and the Life of Freedom Jul 26 2020 The churches of Galatia were occupied by legalism. They needed to be liberated. Bravely taking on false teachers like the allied forces took on the Nazis in the hedgerows, Paul assaults the religion of works and advances the gospel of freedom. Paul's letter to all of the churches in Galatia is an amazing marshaling forward of the powerful gospel truth in the strongest words possible in order to free the Galatians from the headlong course they were on--a course that was leading them back into bondage. In 'Authentic Christianity and the Life of Freedom', Michael Milton leads the reader through a study of the book of Galatians in order to locate the timeless truths that enable the believer to live a life of freedom in Christ and not be taken captive by false teachers. Retaining the live feel of an actual worship service at First Presbyterian Church of Chattanooga, Tennessee, where these messages were first delivered, the reader can expect an appealing mixture of faithful Bible exposition, alert concern for the times in which we live, and heartfelt pastoral application to the lives of real people.

Patience with God: Faith for People Who Don't Like Religion (or Atheism) Nov 22 2022 Frank Schaeffer has a problem with Dawkins, Hitchens, Harris, Dennett, and the rest of the New Atheists - the self-anointed "Brights." He also has a problem with the Rick Warrens and Tim LaHayes of the world. The problem is that he doesn't see much of a difference between the two camps. As Schaeffer puts it, they "often share the same fallacy: truth

claims that reek of false certainties. I believe that there is an alternative that actually matches the way life is lived rather than how we usually talk about belief." Sparing no one and nothing, including himself and his fiery evangelical past, and invoking subtleties too easily ignored by the pontificators, Schaeffer adds much-needed nuance to the conversation. "My writing has smoked out so many individuals who seem to be thinking about the same questions. I hope that this book will provide a meeting place for us, the scattered refugees of what I'll call The Church of Hopeful Uncertainty."

Family Feuds Feb 19 2020 Family Feuds: God has a plan amidst all the Chaos reflects critically on how some of the worst conflicts and violations of the rights of family members in their homes end up working together for the good of the victims in future. Using biblical narratives and critical personal reflection from observations in life, the author explores a subject that is pressing for many people in the twenty first century. The central proposal in the book is that violations of rights, betrayals, rejections, become the material with which God inculcates certain character traits he needs developed to achieve his purposes.

Jump Apr 27 2023 The number-one New York Times bestselling author shares the secret of his success and teaches you how to achieve the blessed full life that belongs to you On January 13, 2016, at the close of a taping of Family Feud, Steve Harvey spontaneously began to speak. Not knowing that the cameras were still rolling, the \$100 million-dollar host offered his studio audience insights into his own happiness and success. His staff, also moved by Steve's passionate words, shared the riveting six-minute video on social media. The clip immediately went viral, with more than 58 million views worldwide! In this very personal and illuminating guide, the #1 New York Times bestselling author

elaborates on those spontaneous remarks. His message is simple: You need to JUMP like your life depends on it—because it does—if you truly want a life of peace and abundance. Jump explores seven vulnerable “seasons” in the Emmy Award-winner life: being homeless and living out of his car, flunking out of college, enduring the emotional turmoil of a second failed marriage, risking stability to pursue his dream of television stardom, overcoming the Miss Universe mishap, blending his family, and owing the Internal Revenue Service \$20 million. Steve uses these uncomfortable moments to explain his core principles and teach you what it means to JUMP: • Identifying the lesson and the blessing in all that life brings our way; • Isolating particular moments when we must be still and when we must take action; • Implementing “humble aggression” to achieve our dreams; • Placing past mistakes in our rearview mirror and creating a fresh life story; • Letting go of people who are weighing us down; • Taking responsibility in the face of adversity. At the heart of this mesmerizing read is faith—the confidence in knowing that leaping will elevate our lives, and that we will be caught when we fall. Don’t stand on the cliff of life and watch others soar by, Steve tells us. If you take a leap of faith, God will open your parachute and “Give you life more abundantly.” Life is an incredible journey. It’s not good enough to exist—you need to live. You need to JUMP—to take a leap of faith, a risk toward the rich life God has planned for you.

The collection includes two new essays by Derrida that appear here for the first time in any language, as well as a substantial introduction by Gil Anidjar that explores Derrida's return to his own "religious" origins and his attempts to bring to light hidden religious dimensions of the social, cultural, historical, and political.
