Samuel Osipow was born in 1883 in the Russian shtetl (Yiddish for town) of Liadi, lost to World War II. In his colorful and lyrical autobiography, *My Life: From a Russian Shtetl to the Golden Land*, Liadi lives again. Its Jewish holy days; Osipow's loving mother Rishe Ranyeh; his pious, Hebrew teacher father Nachum; cousins Izzy the Tiny One and Chonale the Monster; dreaded teacher Kulye the Ox; nemesis Itse the One-Eyed; and local legend Avreml the Yeast Maker all come back to life. Osipow's father forces him to study scripture day and night to become a rabbi, but at 16, he rebels and leaves home. He hears a speech on "justice and righteousness," source for the chapter "I Set Out to Rebuild the World." He demonstrates against anti-Semitism, and is jailed, as explained in the chapter "The Bund Seeks to Enter Smolensk." Released from jail, he flees to London, publishes a socialist newspaper, battles with anarchists, and protests pogroms in Russia. His future wife joins him from Russia, a son is born, and in 1906 they sail to America. The distinctive, occasionally tumultuous immigrant life that ensues is worth a book of its own. *My Life* was written in Yiddish in 1954 and was translated to English in 2012 by the late Murray Sachs, professor emeritus of romance and comparative literature at Brandeis University. Too often, the emigration of women has been treated as an adjunct to that of men, especially in

the case of families travelling together. In significant ways, however, the emigration of single women from Britain in the 19th and early 20th centuries was distinct from the general movement. It was rooted, in the main, in those features of British society peculiar to their sex, and also in conditions in the colonies that made the venture possible for them. What factors would cause a woman to leave all she has known for the uncertainty and danger of a 'wild' colony half a world away? How did these women adapt to the unique circumstances of life in southern Africa? These are some of the questions addressed by the author, herself the daughter of an emigrant couple, in this fascinating book. The author not only explores the larger issues of single women's emigration to southern Africa, but also presents the compelling experiences of individual women, as seen through documents by them and people who knew them.

Yiddish is a rich, complex, and multilayered language, and that complexity is reflected in Yiddish culture. In *Yiddish in America*, Edward S. Shapiro has gathered a collection of lively essays on Yiddish literature, music, film, and journalism in the United States. This accessible volume demonstrates the enduring value of Yiddish culture through its reliance on solidarity, its artistic adaptability, and its balance of secular and religious characteristics. Shapiro also addresses the problems that have arisen when this vibrant language has been misunderstood or stereotyped, in a book that is sure to delight anyone interested in American Jewish culture. In the year 550 A.D., in the heart of the Persian Empire, Caspar, an ordinary Christian merchant, has a dream and a strange encounter with men from the Golden Land. A chain of events launches Caspar and his cousin Rafael on a dangerous journey across the sea to a foreign kingdom. Sent by the Patriarch of the Church of the East in Seleucia (now Baghdad), Caspar and Rafael travel to bring the Gospel to a land the ancients called Suvarnabhumi, the Golden Land (the land we

now call Thailand.) This is a story not yet told, the lost history of Christianity in the East. This is a novel, but it is based on actual historical events, battles, emperors and people. Several of the characters in this novel are based on real individuals who lived and died during the sixth century before the rise of Islam. Most people do not know the history of the Christian Church in the East. From the time St. Thomas landed in India in 52 A.D., the Christian church has sent missionaries east to Asia. When Catholics landed in Asia in the 1500's they found the Christian church already established in India, in China and in Southeast Asia. This is the story of a family that sacrificed everything to bring the story of Jesus to the people of a land we now call Thailand. Stories, poems and songs intended to be read aloud to young children. A new story and a new generation grows as Diana Paxson returns to Westria, her classic fantasy realm, in the first new novel in that land in more than a decade. Prince Phoenix has always been a bit restless, never quite measuring up to the expectations of his father King Julian. Sombra, Phoenix's childhood friend, believes in him, but she has her own duties as a student of the College of the Wise. Their relationship surpasses friendship, but their responsibilities take precedence over their feelings. Then Phoenix is abducted in a raid and sold to slavers. Enduring pain and humiliation, Phoenix must find a way to survive, even if that means losing his sense of self, and becoming a danger to the people that he loves. While King Julian searches for his lost son, a growing army of fanatics led by the charismatic Mother Mahalial is conquering land after land, and its final destination is the golden land of Westria. The only person that can sense Phoenix's plight is Sombra, and her attempt to rescue him may decide the fate of the kingdom. At the Publisher's request, this title is being

SPLENDOR OF BUDDHISM IN BURMA A JOURNEY TO THE GOLDEN LAND BY PASCAL CHRISTEL An illustrated book offers a wide-ranging overview of Buddhism in Myanmar. Having been struck by the wonder and visual magnificence of Myanmar (Burma) during his travels there in 2015, Christel was inspired to write this work exploring the intricacies of the land, which, as he points out, has yet to be completely overrun with tourists. Visitors may find the place difficult to understand in any case, the author explains: "This is not a simple issue of democracy versus military junta. The practice of Theravada Buddhism for almost 90 per cent of the population includes some fatalism in order to reach nirvana." Although Christel's volume looks at a broad spectrum of the country's life and art, the main focus here is on the many sects and flavors of Buddhism and the various ways the religion intertwines itself with all levels of society. Buddhism, the author writes, "is all over, sovereign in the behavior of people, their way of life, their kindness, and their beliefs, but also in the art and architecture." That architecture in all its variety forms the heart of his book and is brought alive in a profusion of prints, ancient illustrations, and hundreds of original images by assorted photographers. Christel explores dozens of the nation's art forms, from pottery and lacquer work to ancient manuscripts and various architectural styles. He explains everything with an assured combination of enthusiasm and knowledge, whether he's writing about a tiny, obscure shrine perched on stilts off some little-visited waterway or an elaborate temple

complex. The energy in tackling all of these details never flags; the author is always excited about the next discovery. "Burma is a treasure and a delight," he writes. "One's eyes are never at rest, and one must have the camera always ready for a shot." Readers, whether they've been to Myanmar or not, will feel as if they've trekked all over the country with a friendly, knowledgeable guide. A comprehensive, engrossing, and splendidly illustrated guide to the Buddhist art and architecture of Myanmar. Review Program: KIRKUS INDIE

In the early 1990s, thousands of emigres arrived in the United States from the former Soviet Union. Most of them were Jewish. Forced to leave behind many of their most precious possessions, including photographs and books, they brought with them only the few items they were allowed to squeeze into two small suitcases. But they also brought their most valuable possession of all--their memories. Book jacket. English translation of the account by Ludwig Salvator, Archduke of Austria, and son of Leopold II, Duke of Tuscany, of a visit to Los Angeles, California in 1876, first published in German in 1878. Writing for prospective emigrants, the author provides descriptions of the region's climate, demographics, agriculture, cattle ranching, industry, transportation, postal service, and housing, as well as a short history of the area, and problems of Chinese and Native American residents. From 1870 to 1900, over a half million Russian Jews came to the United States. Russian Jewish emigration had ceased by the 1920s due to the effects of the First World War, the Bolshevik Revolution, and the Quota Acts, but a century later, Jews from the former Soviet Union began to emigrate in large numbers. This detailed account describes the motivations of Russian and Soviet Jews

for leaving their homeland and their subsequent adjustments to life in the United States. Simon, a sociologist, provides insight into who these Jewish immigrants were and are, what they accomplished, and how they have been viewed. Excerpt from *To the Golden Land: Sketches of a Trip to Southern California* Panions in many a glorious drive, I dedicate the volume. If it should please no one else, it will please them. The visual impact of Burmese lacquerware is striking - the objects are dazzlingly coloured, often in scarlet, gold and black, and are frequently inlaid with coloured stone or glass. A natural plastic, refined from the sap of a Southeast Asian tree, lacquer is worked into vessels of every sort and is also used in architecture, furniture, sculpture and religious ritual. It is one of the most important artistic tradition of Burma and is very much a living craft.

Before he passed, he sat with his family and we recorded some of his stories. Sometimes the stories were recounted in no particular order, and some of the tapes later proved difficult to hear. With the help of my son-in-law writer, what started as a simple task became a years-long research project and writing effort that resulted in this story of our family's journey to America. This book is based on my father's memories. His stories, told from his viewpoint, might differ from stories recounted by others who survived similar journeys. But as a whole, these stories are America - the story of all the immigrants coming here from all the other countries of the world, looking for the freedom to live their own way and make something of themselves. This book could be the story of your family. I have done my best, and I give you this book with all my love.
