China Standard: GB 2099.1-1996 Plugs and socket-outlets for household and similar purposes Part 1:General requirements Mar 27 2023 This part of GB 2099 applies to plugs and fixed or portable socket-outlets for a.c. only, with or without earthing contact, with a rated voltage above 50V but not exceeding 440V and a rated current not exceeding 32A, intended for household and similar purposes, either indoors or outdoors.?? The rated current is limited to 16A maximum for fixed socket-outlets provided with screwless terminals.?? This standard does not cover requirements for flush mounting boxes: however, it covers only those requirements for surface-type mounting boxes which are necessary for the tests on the socket-outlet.?? NOTE 1?General requirements for mounting boxes are given in IEC 6701).?? This standard applies also to plugs incorporated in cord sets and to plugs and portable socket-outlets incorporated in cord extension sets. It also applies to plugs and socket-outlets which are a component of an appliance, unless otherwise stated in the standard for the relevant appliance.?
