And that lie will follow lie, death will pile upon death. The Avengers know they need to act. Tragedy is coming, and it will send the Android Avenger into a devastating confrontation with Earth's Mightiest Heroes. Nobody is safe. "This manual closes a circle which began almost thirty-five years ago (November, 1954) with the beginning of work on a doctoral dissertation defended at the Pontifical Biblical Institute in April, 1957 (published in Spanish in 1962). During three decades of teaching and writing the author has kept an active interest in poetics and stylistics and the resulting accumulated knowledge has been concentrated in the present manual. The primary purpose of the book is not to serve as a source of Information about facts and authors but rather to initiate the reader into the stylistic analysis of poetry. To obtain Information and to classify it the reader can turn to recent works (Watson), earlier works (Knig, Hempel), or reprinted works (Bullinger). Among the poetic techniques discussed are Sound and sonority, rhythm, imagery, figures of Speech, dialogue and monologue, development and composition"--Page 4 of cover.
