What We Reckon Apr 17 2023 "Reminds me of a young Quentin Tarantino. Pruitt is one of our best Southern fiction writers." —Bookreporter Meet Jack Jordan. He's a smooth-talking con artist with a penchant for the fast life. He's snuck into Lufkin, Texas, in the dead of night with little more than a beat-up Honda, a hollowed-out King James Bible full of cocaine, and enough emotional baggage to sink a steam ship. He's charming, dedicated, and extremely paranoid. Summer Ashton, his partner-in-crime. She's stuck by him through thick and thin, but lately her mind has begun to slip. They've told their fair share of lies and she's having a devil of a time remembering what's the truth. And recently, she's been hearing voices. Unfortunately for both of them, she's the brains of the operation. Furthermore, they have begun to tire of one another. For these two career grifters, the sleepy East Texas countryside is but another pit stop on their rampage across the American South. Will it be their last? In WHAT WE RECKON, Eryk Pruitt explores themes of identity, loyalty, and purpose with psycho-delic, transgressive, chicken-fried twists that read like Trainspotting cut with a couple grams of Helter Skelter.

**Corvette Performance Projects 1968-1982** Sep 10 2022 Of the five generations of Corvettes, the C3 or "shark" models are among the most popular with do-it-yourselfers. Produced from 1968 all the way up to 1982, most C3 Corvettes haven't reached the collector status (and inflated prices) of earlier models. Far from being the black sheep of the Corvette family though, these attractive cars are plentiful (500,000+ were built) and affordable enough that they can be purchased, maintained, and enjoyed by a large spectrum of car lovers. The vast majority are powered by the popular 350ci small block-perhaps the most modified and successful performance engine ever.
