The Time Traveller's Guide to Elizabethan England Jun 02 2020 'A fresh and funny book that wears its learning lightly' Independent Discover the era of William Shakespeare and Elizabeth I through the sharp, informative and hilarious eyes of Ian Mortimer. We think of Queen Elizabeth I's reign (1558-1603) as a golden age. But what was it actually like to live in Elizabethan England? If you could travel to the past and walk the streets of London in the 1590s, where would you stay? What would you eat? What would you wear? Would you really have a sense of it being a glorious age? And if so, how would that glory sit alongside the vagrants, diseases, violence, sexism and famine of the time? In this book Ian Mortimer reveals a country in which life expectancy is in the early thirties, people still starve to death and Catholics are persecuted for their faith. Yet it produces some of the finest writing in the English language, some of the most magnificent architecture, and sees Elizabeth's subjects settle in America and circumnavigate the globe. Welcome to a country that is, in all its contradictions, the very crucible of the modern world. 'Vivid trip back to the 16th century...highly entertaining book' Guardian

The Lawyer's Guide to Adobe Acrobat Dec 01 2022 Adobe PDF lets legal professionals capture and view information--from any application, on any computer system-- and share it with anyone around the world. Whether transactional or litigation oriented, this book will help any law practice run smarter by showing how lawyers can use the latest version of Acrobat to work with digital documents.

Medicine in a Multicultural Society Jun 14 2021 Contains essays dealing with medicine and society in Spain from the 13th-16th centuries. Ch. 9, "The Inquisition and Minority Medical Practitioners in Counter-Reformation Spain: Judaizing and Morisco Practitioners, 1560-1610", appeared in "Medicine and the Reformation" (London: Routledge, 1993). Compares the Inquisition's handling of Conversos and Moriscos who practiced medicine. Concludes that the former were

wealthier and better educated, and were persecuted for cultural, religious, and economic reasons and not, like the latter, for the way they practiced medicine.

Ultrasonographer Red-Hot Career Guide; 1220 Real Interview Questions May 26 2022

3 of the 1220 sweeping interview questions in this book, revealed: Like-ability question: In working with people, we find that what works with one person does not work with another. The ShortTube 80 Telescope Jun 26 2022 Welcome to the first comprehensive guide to one of the world's most popular telescopes: the ShortTube 80 refractor. With its ultra-portability, versatility, and relatively low cost, this telescope continues to delight generations of stargazers. Starting in the field under a dark sky, the author walks the reader through a typical evening of stargazing, where the ShortTube 80 brings many astronomical treasures into focus. From there, he provides an in-depth account of the optical properties of the ShortTube 80 refractor and the accessories and mounting arrangements that maximize its potential both as a spotting 'scope by day and an astronomical 'scope by night. The main text discusses how the versatile ShortTube 80 can be used to study deep sky objects, the Sun, the Moon, bright planets and even high-resolution projects, where the instrument's features can be optimized for the observation of tight double and multiple stars. It explores how the ShortTube 80 can image targets using camera phones, DSLRs and dedicated astronomical CCD imagers. Packed with practical advice gained from years of firsthand stargazing experience, this book demonstrates exactly why ShortTube 80 has remained a firm favorite among amateur astronomers for over three decades, and why it is likely to remain popular for many years to come.

The Theologies of the Eucharist in the Early Scholastic Period Aug 05 2020

Instructions Feb 29 2020 "A perfect reminder to always be on the lookout for magic and wonder. Sometimes, we need those two things the most" (Brightly.com, citing "Books That Teach Kids What It Means to Be a Kind Person"). In this breathtaking picture book, now in paper-over-board format, Neil Gaiman's lyrical poem guides a novice traveler through the enchanted woods of a fairy tale—through lush gardens, a formidable castle, and over a perilous river—to find the way home again. Illustrated in full color by Charles Vess, *Instructions* features lush images of mythical creatures, magical landscapes, and canny princesses. Its message of the value of courage, wit, and wisdom makes it a perfect gift.
