The Philosophy of Stanley Kubrick Sep 14 2021 In the course of fifty years, director Stanley Kubrick produced some of the most haunting and indelible images on film. His films touch on a wide range of topics rife with questions about human life, behavior, and emotions: love and sex, war, crime, madness, social conditioning, and technology. Within this great variety of subject matter, Kubrick examines different sides of reality and unifies them into a rich philosophical vision that is similar to existentialism. Perhaps more than any other philosophical concept, existentialism—the belief that philosophical truth has meaning only if it is chosen by the individual—has come down from the ivory tower to influence popular culture at large. In virtually all of Kubrick's films, the protagonist finds himself or herself in opposition to a hard and uncaring world, whether the conflict arises in the natural world or in human institutions. Kubrick's war films (*Fear and Desire*, *Paths of Glory*, *Dr. Strangelove*, and *Full Metal Jacket*) examine how humans deal with their worst fears—especially the fear of death—when facing the absurdity of war. *Full Metal Jacket* portrays a world of physical and moral change, with an environment in continual flux in which attempting to impose order can be dangerous. The film explores the tragic consequences of an unbending moral code in a constantly changing universe. Essays in the volume examine Kubrick's interest in morality and fate, revealing a Stoic philosophy at the center of many of his films. Several of the contributors find his oeuvre to be characterized by skepticism, irony, and unfettered hedonism. In such films as *A Clockwork Orange* and *2001: A Space Odyssey*, Kubrick confronts the notion that we will struggle against our own scientific and technological innovations. Kubrick's films about the future posit that an active form of nihilism will allow humans to accept the emptiness of the world and push

beyond it to form a free and creative view of humanity. Taken together, the essays in *The Philosophy of Stanley Kubrick* are an engaging look at the director's stark vision of a constantly changing moral and physical universe. They promise to add depth and complexity to the interpretation of Kubrick's signature films. [Stanley Kubrick at Look Magazine](#) Oct 04 2020 From 1945 to 1950, during the formative years of his career, Stanley Kubrick worked as a photojournalist for *Look* magazine. Offering a comprehensive examination of the work he produced during this period – before going on to become one of America's most celebrated filmmakers – Stanley Kubrick at *Look Magazine* sheds new light on the aesthetic and ideological factors that shaped his artistic voice. Tracing the links between his photojournalism and films, Philippe Mather shows how working at *Look* fostered Kubrick's emerging genius for combining images and words to tell a story. Mather then demonstrates how exploring these links enhances our understanding of Kubrick's approach to narrative structure – as well as his distinctive combinations of such genres as fiction and documentary and fantasy and realism.

A Critical Companion to Stanley Kubrick Feb 05 2021 *A Critical Companion to Stanley Kubrick* offers a thorough and detailed study of the films of the legendary director. Labeled a recluse, a provocateur, and a perfectionist, Kubrick revolutionized filmmaking, from the use of music in film, narrative pacing and structure, to depictions of war and violence. An unparalleled visionary, his work continues to influence contemporary cinema and visual culture. This book delves into the complexities of his work and examines the wide range of topics and the multiple interpretations that his films inspire. The eighteen chapters in this book use a wide range of methodologies and explore new trends of research in film studies, providing a series of unique and novel perspectives on all of Kubrick's thirteen feature films, from *Fear and Desire* (1953) to *Eyes Wide Shut* (1999), as well as his work on *A.I. Artificial Intelligence* (Steven Spielberg, 2001).

Wartime Lies Mar 21 2022 "Extraordinary...Rich in irony and regret...[the] people and settings are vividly realized and his prose [is] compelling in its simplicity." *THE WALL STREET JOURNAL* As the world slips into the throes of war in 1939, young Maciek's once closetted existence outside Warsaw is no more. When Warsaw falls, Maciek escapes with his aunt Tania. Together they endure the war, running, hiding, changing their names, forging documents to secure their temporary lives—as the insistent drum of the Nazi march moves ever closer to them and to their secret wartime lies.

Stanley Kubrick Sep 02 2020 Although Stanley Kubrick adapted novels and short stories, his films deviate in notable ways from the source material. In particular, since *2001: A Space Odyssey* (1968), his films seem to definitively exploit all cinematic techniques, embodying

a compelling visual and aural experience. But, as author Elisa Pezzotta contends, it is for these reasons that his cinema becomes the supreme embodiment of the sublime, fruitful encounter between the two arts and, simultaneously, of their independence. Stanley Kubrick's last six adaptations—*2001: A Space Odyssey*, *A Clockwork Orange* (1971), *Barry Lyndon* (1975), *The Shining* (1980), *Full Metal Jacket* (1987), and *Eyes Wide Shut* (1999)—are characterized by certain structural and stylistic patterns. These features help to draw conclusions about the role of Kubrick in the history of cinema, about his role as an adapter, and, more generally, about the art of cinematic adaptations. The structural and stylistic patterns that characterize Kubrick adaptations seem to criticize scientific reasoning, causality, and traditional semantics. In the history of cinema, Kubrick can be considered a modernist auteur. In particular, he can be regarded as an heir of the modernist avant-garde of the 1920s. However, author Elisa Pezzotta concludes that, unlike his predecessors, Kubrick creates a cinema not only centered on the ontology of the medium, but on the staging of sublime, new experiences.

Federico Fellini May 30 2020 This is a compact yet highly detailed and illustrated guides to one of cinema's greatest directors - Federico Fellini.

Stanley Kubrick Mar 09 2021 Stanley Kubrick, director of the acclaimed films *Path of Glory*, *Spartacus*, *Lolita*, *Dr. Strangelove*, *2001: A Space Odyssey*, *A Clockwork Orange*, *The Shining*, and *Full Metal Jacket*, is arguably one of the greatest American filmmakers. Yet, despite being hailed as “a giant” by Orson Welles, little is known about the reclusive director. *Stanley Kubrick*—the first full-length study of his life—is based on assiduous archival research as well as new interviews with friends, family, and colleagues. Film scholar Vincent LoBrutto provides a comprehensive portrait of the director, from his high school days, in the Bronx and his stint as a photographer for *Look* magazine, through the creation of his wide-ranging movies, including the long-awaited *Eyes Wide Shut*. The author provides behind-the-scenes details about writing, filming, financing, and reception of the director's entire output, paying close attention to the technical innovations and to his often contentious relationships with actors. This fascinating biography exposes the enigma that is Stanley Kubrick while placing him in context of film history.

Reconstructing Strangelove Apr 09 2021 With rare access to unpublished materials, this volume assesses *Dr. Strangelove's* narrative accuracy, consulting recently declassified Cold War nuclear-policy documents alongside interviews with Kubrick's collaborators. It focuses on the myths surrounding the film.

Les Archives Stanley Kubrick Mar 01 2023 En 1968, interrogé sur le sens métaphysique de *2001: l'odyssée de l'espace*, Stanley Kubrick répondait: «Ce n'est pas un message que j'ai voulu transmettre en

paroles. 2001 est une expérience non verbale... J'ai essayé de créer une expérience visuelle qui pénètre directement l'inconscient avec son contenu émotionnel et philosophique.» Désormais disponible parmi nos ouvrages de la collection Bibliotheca Universalis, Les Archives Stanley Kubrick suit le même principe. De la scène d'ouverture du Baiser du tueur aux derniers plans d'Eyes Wide Shut, le livre présente les images magistrales tirées des films de Kubrick, reproduites en séquences, à travers des photogrammes fascinants et instructifs. Il dévoile le processus créatif de Kubrick grâce à des documents passionnants extraits des archives du cinéaste, parmi lesquels des éléments de conception des décors, des croquis, des lettres, des scénarios, des esquisses, des notes et des plans de tournage. Ce matériel visuel et issu d'archives est accompagné d'essais signés par d'éminents spécialistes de Kubrick, des articles écrits par et sur Kubrick, ainsi qu'une sélection de ses meilleures interviews. Le résultat offre un voyage érudit en images, dans les archives du réalisateur, à travers des chefs-d'oeuvre du cinéma du XXe siècle ainsi que dans l'esprit méticuleux de leur créateur.

Stanley Kubrick Sep 26 2022 Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes—including masculinity, ethical responsibility, and the nature of evil—it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove, 2001, A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.

Depth of Field Oct 28 2022 Director of some of the most controversial films of the twentieth century, Stanley Kubrick created a reputation as a Hollywood outsider as well as a cinematic genius. His diverse yet relatively small oeuvre—he directed only thirteen films during a career that spanned more than four decades—covers a broad range of the themes that shaped his century and continues to shape the twenty-first: war and crime, gender relations and class conflict, racism, and the fate of individual agency in a world of increasing social surveillance and control. In *Depth of Field*, leading screenwriters and scholars analyze Kubrick's films from a variety of perspectives. They examine such groundbreaking classics as *Dr. Strangelove* and *2001: A Space Odyssey* and later films whose critical reputations are still in flux. *Depth of Field* ends with three viewpoints on Kubrick's final film,

Eyes Wide Shut, placing it in the contexts of film history, the history and theory of psychoanalysis, and the sociology of sex and power. Probing Kubrick's whole body of work, *Depth of Field* is the first truly multidisciplinary study of one of the most innovative and controversial filmmakers of the twentieth century.

The Bulletin Jan 07 2021

2001 Dec 26 2019 Filled with material that came to light after the publication of the first edition in 1994, this updated edition includes interviews, new material from effects supervisor Doug Turnbull and additional illustrations.

The Ingmar Bergman Archives Aug 02 2020 From the archives at the Bergman Foundation comes an homage to the Swedish auteur and consummate explorer of the human condition. This re-edition brings back TASCHEN's award-winning publication, produced with many of Ingmar Bergman's close collaborators. Charting the director's entire working life in film, it features rare material and film...

Some Like it Hot Jul 01 2020

Love and Death in Kubrick Dec 06 2020 The films of Stanley Kubrick have left an indelible mark on the history of American cinema. This text explores the auteur's legacy, specifically positioning his body of work within the context of cultural theory. A single chapter is devoted to each of Kubrick's seven films: *Lolita*, *Dr. Strangelove, 2001: A Space Odyssey*, *A Clockwork Orange*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Particular attention is paid to the role of love and death in Kubrick's films, emphasizing his innovative exploration of love and sex, and the portrayal of mortality via masculine violence.

The Stanley Kubrick Archives Jan 31 2023 A comprehensive exploration of American filmmaker Stanley Kubrick's cinematic life's work and creative process featuring film stills, articles and essays by Kubrick and Kubrick scholars, letters, interviews, notes, and photographs.

The Bloomsbury Companion to Stanley Kubrick Aug 26 2022 Stanley Kubrick is one of the most revered directors in cinema history. His 13 films, including classics such as *Paths of Glory*, *2001: A Space Odyssey*, *A Clockwork Orange*, *Barry Lyndon*, and *The Shining*, attracted controversy, acclaim, a devoted cult following, and enormous critical interest. With this comprehensive guide to the key contexts - industrial and cultural, as well as aesthetic and critical - the themes of Kubrick's films sum up the current vibrant state of Kubrick studies.

Bringing together an international team of leading scholars and emergent voices, this Companion provides comprehensive coverage of Stanley Kubrick's contribution to cinema. After a substantial introduction outlining Kubrick's life and career and the film's production and reception contexts, the volume consists of 39 contributions on key themes that both summarise previous work and offer new, often archive-based, state-of-the-art research. In addition, it is specifically tailored to the needs of students wanting an authoritative, accessible overview of academic work on Kubrick.

Gender, Power, and Identity in The Films of Stanley Kubrick Mar 28 2020 This volume features a set of thought-provoking and long overdue approaches to situating Stanley Kubrick's films in

contemporary debates around gender, race, and age - with a focus on women's representations. Offering new historical and critical perspectives on Kubrick's cinema, the book asks how his work should be viewed bearing in mind issues of gender equality, sexual harassment, and abuse. The authors tackle issues such as Kubrick's at times questionable relationships with his actresses and former wives, the dynamics of power, misogyny and miscegenation in his films, and auteur 'apologism', among others. The selection delineates these complex contours of Kubrick's work by drawing on archival sources, engaging in close readings of specific films, and exploring Kubrick through unorthodox venture points. With an interdisciplinary scope and social justice-centered focus, this book offers new perspectives on a well-established area of study. It will appeal to scholars and upper-level students of film studies, media studies, gender studies, and visual culture, as well as to fans of the director interested in revisiting his work with a new perspective.

Stanley Kubrick Oct 16 2021 An engrossing biography of one of the most influential filmmakers in cinematic history Kubrick grew up in the Bronx, a doctor's son. From a young age he was consumed by photography, chess, and, above all else, movies. He was a self-taught filmmaker and self-proclaimed outsider, and his films exist in a unique world of their own outside the Hollywood mainstream.

Kubrick's Jewishness played a crucial role in his idea of himself as an outsider. Obsessed with rebellion against authority, war, and male violence, Kubrick was himself a calm, coolly masterful creator and a talkative, ever-curious polymath immersed in friends and family. Drawing on interviews and new archival material, Mikics for the first time explores the personal side of Kubrick's films.

Stanley Kubrick Dec 18 2021 An engrossing biography of one of the most influential filmmakers in cinematic history "A cool, cerebral book about a cool, cerebral talent. . . . A brisk study of [Kubrick's] films, with enough of the life tucked in to add context as well as brightness and bite."--Dwight Garner, *New York Times* "An engaging and well-researched primer to the work of a cinematic legend."--*Library Journal* Kubrick grew up in the Bronx, a doctor's son. From a young age he was consumed by photography, chess, and, above all else, movies. He was a self-taught filmmaker and self-proclaimed outsider, and his films exist in a unique world of their own outside the Hollywood mainstream. Kubrick's Jewishness played a crucial role in his idea of himself as an outsider. Obsessed with rebellion against authority, war, and male violence, Kubrick was himself a calm, coolly masterful creator and a talkative, ever-curious polymath immersed in friends and family. Drawing on interviews and new archival material, David Mikics for the first time explores the personal side of Kubrick's films.

Stanley Kubrick and Me Apr 29 2020 This intimate portrait by his former personal assistant and confidante reveals the man behind the legendary filmmaker—for the first time. Stanley Kubrick, the director of a string of timeless movies from *Lolita* and *Dr. Strangelove* to *A Clockwork Orange*, *2001: A Space Odyssey*, *Full Metal Jacket*, and others, has always been depicted by the media as the Howard Hughes of filmmakers, a weird artist obsessed with his work and privacy to the

point of madness. But who was he really? Emilio D'Alessandro lets us see. A former Formula Ford driver who was a minicab chauffeur in London during the Swinging Sixties, he took a job driving a giant phallus through the city that became his introduction to the director. Honest, reliable, and ready to take on any task, Emilio found his way into Kubrick's neurotic, obsessive heart. He became his personal assistant, his right-hand man and confidant, working for him from *A Clockwork Orange* until Kubrick's death in 1999. Emilio was the silent guy in the room when the script for *The Shining* was discussed. He still has the coat Jack Nicholson used in the movie. He was an extra on the set of *Eyes Wide Shut*, Kubrick's last movie. He knew all the actors and producers Kubrick worked with; he observed firsthand Kubrick's working methods down to the smallest detail. Making no claim of expertise in cinematography but with plenty of anecdotes, he offers a completely fresh perspective on the artist and a warm, affecting portrait of a generous, kind, caring man who was a perfectionist in work and life. The paperback edition has a new foreword by Matthew Modine, who is featured in the book and starred as Private Joker in Kubrick's *Full Metal Jacket*.

Stanley Kubrick Jun 11 2021 Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes—including masculinity, ethical responsibility, and the nature of evil—it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove*, *2001, A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.

Reconstructing Strangelove Jun 23 2022 During his career Stanley Kubrick became renowned for undertaking lengthy and exhaustive research prior to the production of all his films. In the lead-up to what would eventually become *Dr. Strangelove* (1964), Kubrick read voraciously and amassed a substantial library of works on the nuclear age. With rare access to unpublished materials, this volume assesses *Dr. Strangelove*'s narrative accuracy, consulting recently declassified Cold War nuclear-policy documents alongside interviews with Kubrick's collaborators. It focuses on the myths surrounding the film, such as the origins and transformation of the "straight" script versions into what Kubrick termed a "nightmare comedy." It assesses Kubrick's account of collaborating with the writers Peter George and Terry

Southern against their individual remembrances and material archives. Peter Sellers's improvisations are compared to written scripts and daily continuity reports, showcasing the actor's brilliant talent and variations.

Eyes Wide Shut Nov 28 2022 Twenty years since its release, Stanley Kubrick's *Eyes Wide Shut* remains a complex, visually arresting film about domesticity, sexual disturbance, and dreams. It was on the director's mind for some 50 years before he finally put it into production. Using the Stanley Kubrick Archive at the University of the Arts, London, and interviews with participants in the production, the authors create an archeology of the film that traces the progress of the film from its origins to its completion, reception, and afterlife. The book is also an appreciation of this enigmatic work and its equally enigmatic creator.

Stanley Kubrick Feb 17 2022

The Making of Stanley Kubrick's 2001: a Space Odyssey Nov 16 2021 Part visual majesty, part meticulous science, part limitless imagination. Previously available as part of the multi-volume and instant sell-out Collector's Edition, this exhaustive compendium of photographs, pre-production paintings, and conceptual designs explores the genius behind *2001: A Space Odyssey*, the sci-fi classic that remains the...

Stanley Kubrick Dec 30 2022 This rich and compelling volume is an intimate tribute to the private life and public work of legendary director Stanley Kubrick. Includes 200+ photos and images from his life and films.

Lost at Sea Jul 13 2021 New York Times–bestselling author of *The Psychopath Test* Jon Ronson writes about the dark, uncanny sides of humanity with clarity and humor. *Lost at Sea*—now with new material—reveals how deep our collective craziness lies, even in the most mundane circumstances. Ronson investigates the strange things we're willing to believe in, from robots programmed with our loved ones' personalities to indigo children to the Insane Clown Posse's juggalo fans. He looks at ordinary lives that take on extraordinary perspectives. Among them: a pop singer whose greatest passion is the coming alien invasion, assisted-suicide practitioners, and an Alaskan town's Christmas-induced high school mass-murder plot. He explores all these tales with a sense of higher purpose and universality, yet they are stories not about the fringe of society. They are about all of us. Incisive and hilarious, poignant and maddening, revealing and disturbing—Ronson writes about our modern world, and reveals how deep our collective craziness lies, and the chaos stirring at the edge of our daily lives.

Eyes Wide Shut Apr 21 2022 Twenty years since its release, Stanley Kubrick's *Eyes Wide Shut* remains a complex, visually arresting film about domesticity, sexual disturbance, and dreams. It was on the director's mind for some 50 years before he finally put it into production. Using the Stanley Kubrick Archive at the University of the Arts, London, and interviews with participants in the production, the authors create an archeology of the film that traces the progress of the film from its origins to its completion, reception, and afterlife. The

book is also an appreciation of this enigmatic work and its equally enigmatic creator.

Quentin Tarantino Jan 25 2020 Get an intimate look at the cult filmmaker of our generation. Packaged in a handsome slipcase and loaded with stunning pictures from the Kobal archives, this biography explores the genesis of Tarantino's unique directorial style and provides insight into his inspirations and his frequent collaborations with favored actors. An 8-page foldout timeline presents Tarantino's entire filmography in the heart of the book. Through in-depth and informative text written by renowned film journalist Ian Nathan, this book examines the entirety of Tarantino's work, including his early writing on screenplays such as *True Romance* and *Natural Born Killers*, his break-out directorial debut *Reservoir Dogs* and the career-defining *Pulp Fiction*, as well as his later iconic films, such as *Kill Bill Volumes 1 and 2*, *Inglourious Basterds*, and *Django Unchained*. You'll also go behind the scenes of Tarantino's latest epic, *Once Upon a Time in Hollywood*. As you make your way through Tarantino's incredible career, discover what inspired him, his working methods, and the breadth of his talent. With a visually arresting design that mimics Tarantino's approach to film-making and chapters organized by film, the pages are brimming with images taken on set and behind the scenes. This is the ultimate celebration for any Tarantino fan.

Christiane Kubrick Paintings May 23 2022

The Stanley Kubrick Archives Apr 02 2023 This special anniversary-edition work explores Stanley Kubrick's archives. With selected articles and essays and extensive film notes, this work offers the most comprehensive study of the filmmaker to date.

Stanley Kubrick Aug 14 2021 Seventeen essays examine the career and films of director Stanley Kubrick from a variety of perspectives. Part I focuses on his early career, including his first newsreels, his photography for *Look* magazine, and his earliest films (*Fear and Desire*, *Killer's Kiss*). Part II examines his major or most popular films (*Paths of Glory*, *The Shining*, *2001: A Space Odyssey*). Part III provides a thorough case study of *Eyes Wide Shut*, with four very different essays focusing on the film's use of sound, its representation of gender, its carnivalesque qualities, and its phenomenological nature. Finally, Part IV discusses Kubrick's ongoing legacy and his impact on contemporary filmmakers. Instructors considering this book for use in a course may request an examination copy here.

Mythologizing the Vietnam War Nov 04 2020 The Vietnam War is evolving from contemporary memory into history. Fifty years on, it still serves as a benchmark in the history of war reporting and in the representation of conflict in popular culture and historical memory. However, as contemporary culture tries to come to terms with the events and their political, psychological and cultural implications, the 'real' Vietnam War has been appropriated and changed into a set of mythologies which implicate American and Vietnamese national identities specifically, and ideas of modern conflict more broadly, particularly in shaping the mediation of the twenty-first century 'War on Terror'. This collection of interdisciplinary critical essays explores the cultural legacies of the US involvement in South East Asia,

considering this process of ‘mythologising’ through the lenses of visual media and tracing the war’s evolution from contemporary reportage to subsequent interpretation and consumption. It reassesses the role of visual media in covering and remembering the war, its memorialisation, mediation and memory. The origin of this collection of essays was an international conference, titled “Considering Vietnam”, held at the Imperial War Museum, London, in February 2012, co-organised by the museum and the University of the Arts London Photography and the Archive Research Centre (PARC). [The Stanley Kubrick Archives](#) May 03 2023 Accompanying CD-ROM: Interview with Stanley Kubrick by Jeremy Bernstein, November 27, 1966. Interview is in audio and transcript form. [odyssey](#).

Space Odyssey Jul 25 2022 The definitive story of the making of 2001: A Space Odyssey, acclaimed today as one of the greatest films ever made, and of director Stanley Kubrick and writer Arthur C. Clarke—“a tremendous explication of a tremendous film....Breathtaking” (The Washington Post). Fifty years ago a strikingly original film had its premiere. Still acclaimed as one of the most remarkable and important motion pictures ever made, 2001: A Space Odyssey depicted the first contacts between humanity and extraterrestrial intelligence. The movie was the product of a singular collaboration between Stanley Kubrick and science fiction visionary Arthur C. Clarke. Fresh off the success of his cold war satire Dr. Strangelove, Kubrick wanted to make the first truly first-rate science fiction film. Drawing from Clarke’s ideas and with one of the author’s short stories as the initial inspiration, their bold vision benefited from pioneering special effects that still look extraordinary today, even in an age of computer-generated images. In Space Odyssey, author, artist, and award-winning filmmaker Michael Benson “delivers expert inside stuff” (San Francisco Chronicle) from his extensive research of Kubrick’s and Clarke’s archives. He has had the cooperation of Kubrick’s widow, Christiane, and interviewed most of the key people still alive who worked on the film. Drawing also from other previously unpublished interviews, Space Odyssey provides a 360-degree view of the film from its genesis to its legacy, including many previously untold stories. And it features dozens of photos from the making of the film, most never previously published. “At last! The dense, intense, detailed, and authoritative saga of the making of the greatest motion picture I’ve ever seen...Michael Benson has done the Cosmos a great service” (Academy Award-winning actor Tom Hanks).

Letters of Note: Outer Space Feb 26 2020 An irresistible new volume

of missives about outer space, from the author of the bestselling Letters of Note collections In Letters of Note: Outer Space, Shaun Usher brings together fascinating correspondence about the universe beyond our planet, containing hopeful thoughts about the future of space travel, awestruck messages penned about the world beyond our own and celebrations of the human ingenuity that has facilitated our understanding of the cosmos. Includes letters by: Buzz Aldrin, Isaac Asimov, Marion Carpenter, Yuri Gagarin, Ann Druyan, Stanley Kubrick, Nikola Tesla, Neil DeGrasse Tyson & many more **The Wolf at the Door** May 11 2021 Discovers a Holocaust subtext in Kubrick's films, culminating in his 1980 adaptation of Stephen King's horror novel "The Shining". Maintains that this is reflected in his depiction of harsh struggles with and over power and violence. Several of his films deal with war and state power. "The Shining" is seen as an artistic and philosophical response to the horrors of World War II. Among the influences on the filmmaker are Hilberg's "The Destruction of the European Jews", Kubrick's Jewish past, and his early years that were affected by fascism and war. Kubrick's marriage into an artistic German family also contributed to his preoccupation with the history of Nazi Germany and the Holocaust, which were indirectly reflected in his oeuvre.

Stanley Kubrick at Look Magazine Jan 19 2022 Sheds new light on the aesthetic factors that shaped Kubrick's artistic voice by examining the links between his photojournalist work (done between 1945 to 1950) and his films.
