What did a Victorian lady wear for a walk in the park? How did she style her hair for an evening at the theatre? And what products might she have used to soothe a sunburn or treat an unsightly blemish? Mimi Matthews answers these questions and more as she takes readers on a decade-by-decade journey through Victorian fashion and beauty history. Women's clothing changed dramatically during the course of the Victorian era. Necklines rose, waistlines dropped, and Gothic severity gave way to flounces, frills, and an abundance of trimmings. Sleeves ballooned up and skirts billowed out. The crinoline morphed into the bustle and steam-moulded corsets cinched women's waists ever tighter. As fashion was evolving, so too were trends in ladies' hair care and cosmetics. An era which began by prizing natural, barefaced beauty ended with women purchasing lip and cheek rouge, false hairpieces and pomades, and fashionable perfumes made with expensive spice oils and animal essences. Using research from nineteenth century beauty books, fashion magazines, and lady's journals, Mimi Matthews brings the intricacies of a Victorian lady's toilette into modern day focus. In the process, she gives readers a glimpse of the social issues that influenced women's clothing and the societal outrage that was an all too frequent response to those bold females who used fashion and beauty as a means of asserting their individuality and independence. How to Be a Redhead includes makeup, hair, skin and fashion sections, with guides such as Freckle-Friendly Foundation & Cream, Conquer Those Fair Lashes, Choosing the Right Shampoos & Conditioners, Seasonal Skin Care and Day to Night Looks. The theme of confidence and individuality will run throughout the book. Divisive words - particularly when referring to methods of worship. Unhappily, the whole controversy about worship styles has degenerated into arguments based on personal preference. Given the intensity of this worship controversy that is increasingly dividing professedly Bible-believing churches into distinctive camps, I have felt inclined to make my contribution to the concern. I am convinced that the Bible does establish clear guidelines for both what we are to believe (issues of faith) and what we are to practice (issues of obedience) and that this direction includes matters of worship. If there is any overriding biblical truth that must circumscribe every worship practice, it is that worship is all about God and not about us. There is little hope of worshipping in a manner that is pleasing to the Lord if we do not start with the Bible and stress what it stresses. The Beauty of Holiness is a guide to what the Bible says about the object, manner, and the heart of worship. We must never shy away from what the Bible says regardless of how out of sync with culture it seems to be. God's Word not culture - whether modern or medieval - defines the way of worship.
