Singapore Math, Grade 2 Aug 08 2021 Singapore Math creates a deep understanding of each key math concept, includes an introduction explaining the Singapore Math method, is a direct complement to the current textbooks used in Singapore, and includes step-by-step solutions in the answer key. Singapore Math, for students in grades 2 to 5, provides math practice while developing analytical and problem-solving skills. This series is correlated to Singapore Math textbooks and creates a deep understanding of each key math concept. Learning objectives are provided to identify what students should know after completing each unit, and assessments are included to ensure that learners

obtain a thorough understanding of mathematical concepts. Perfect as a supplement to classroom work, these workbooks will boost confidence in problem-solving and critical-thinking skills!

Food Science and Technology 2A-2B Sep 09 2021 Content is written specifically for Units 2A and 2B of the Food Science and Technology Course, in accordance with Curriculum Council guidelines. This resource covers all three aspects of Hospitality, Nutrition and Product Development. The books are comprehensive, informative, easy to read and include student-centred activities which are mix of both practical and theoretical. Extension activities are included at the end of each chapter to encourage investigation and these tasks are specific to the different learning contexts of the course. This resource can be used in class or as pages set for independent study or homework. The Authors have over 60 years of teaching experience in the field, between them, and all recipes presented have been thoroughly 'tried and tested'.

English in Mind Levels 2A and 2B Combo Testmaker CD-ROM and Audio CD Jan 13 2022 This second edition updates a course which has proven to be a perfect fit for classes the world over. This Combo Testmaker Audio CD and CD-ROM contains the testing material for the 2A and 2B Combos together. All unit references correspond to the Combo edition. It gives teachers the flexibility to create and edit their own tests. It is easy to use while also offering a range of functionality. Using the CD-ROM, teachers can choose from unit tests and unit pair tests. 'Standard' and 'extra challenge' level options are included. The Testmaker can produce two versions of each test to prevent students from sharing answers. The Audio CD contains all the audio required for test listening components.
